DESCRIPTORS Audiotape Recordings; *Blindness; Braille; *Library Services; *Physical Disabilities; Statistical Data; Videotape Cassettes; Visual Impairments

ABSTRACT

The directory lists regional and subregional libraries offering services to blind and physically handicapped individuals. Entries are arranged alphabetically by state and include name and address, telephone number, librarian's name, hours, and details of the book and special collections as well as special services. Changes in names, addresses, and telphone numbers up to January 1983 have been recorded whenever possible. Appendixes detail readership and circulation statistics for 1981 and 1982 in the categories of recorded disc, braille, and recorded cassette and lists figures on the budget, staff, and size of collections. Network Libraries and Machine-Lending Agencies 1

Appendix I: Readership 40

Appendix II: Circulation 51

Appendix III: Budget, Staff, Collections 71

National Library Services

A free national library service providing recorded and braille materials to blind and physically handicapped persons is administered by the National Library Service for the Blind and Physically Handicapped, Library of Congress (NLS). With the cooperation of authors and publishers who grant permission to use copyrighted works, NLS selects and produces full-length books and magazines in braille and on recorded disc and cassette. The reading materials produced are then distributed to a cooperating network of regional and subregional libraries that circulate them to eligible borrowers by postage-free mail. Network libraries also offer reference, readers' advisory, and other services.

Established by an act of Congress in 1931 to serve blind adults, this program was expanded in 1952 to include children, and again in 1966 by Public Law 89-522 to include individuals with physical impairments that prevent the reading of standard print. Fifty-six regional and 103 subregional libraries are currently part of the network, serving all parts of the United States, Puerto Rico, the Virgin Islands, and Guam.

Playback equipment is loaned free for use with books and magazines recorded on disc at 8 and 16 rpm and on cassette at 1 7/8 and 15/16 ips. Accessories supplied on request include earphones, pillow phones, remote control units, and special amplifiers. Libraries and other designated machine-lending agencies serve as distribution points for playback equipment and accessories.

Applications for library service from eligible persons or institutions such as hospitals and nursing homes are made directly to the network library or machine-lending agency serving a particular geographic area. Application forms, demonstration equipment, and sample reading materials are available in many local public libraries.

American citizens temporarily living abroad receive service directly from NLS and should apply to the Consumer Relations Section. International interlibrary loans may be arranged with NLS; however, direct service is not extended to individuals outside the United States, its territories and possessions unless they are American citizens.

Music services are provided by the NLS Music Section, which has an extensive collection of music scores, books, and instructional materials. Through its Reference Section, NLS serves as a national information resource on various aspects of handicapping conditions. The National Library Service also functions as a bibliographic center on reading materials for the handicapped and can make referrals to libraries and agencies that have materials in special formats.

How to use the directory

The directory is arranged alphabetically by state. Within each state the regional library appears first, followed by subregional libraries listed alphabetically by city. In several states two regional libraries have been established; in these instances, the specific service area of each library is shown.

Regional libraries that also function as machine-lending agencies are identified by an asterisk immediately following the name of the library. Separate machine-lending agencies are listed as the final entry for a state.

The information contained in the body of the directory and in Appendix III was provided by each

Contents

library and machine-lending agency in resporse to a questionnaire circulated in September 1982; readership and circulation statistics in Appendices I and II are for federal fiscal years (October–September) 1981 and 1982. In the few cases where responses were not received or information was not available, data from the previous edition of the directory has been reprinted. These libraries are noted by an asterisk in Appendix III. An effort was made to record changes in names, addresses, and telephone numbers up to January 1983.

Alabama

Regional Library

Alabama Regional Library for the Blind and Physically Handicapped*
Alabama Public Library Service
State of Alabama
Montgomery, Alabama 36130
